AD FORMS CLOSE THE 20th OF EACH MONTH.

Entered as second class matter October 13, 1956 at the post office of Newark, New Jersey under the act of March 3, 1879.

FROM YOUR EDITOR'S DESK

Our writer and prominent numismatist, Harold Don Allen of Montreal, Canada, will be visiting N. J. during July. Harold specializes in Canadian and Foreign Paper Money, Radio Broadcasts and writing articles. He teaches mathematics and is president of the Montreal Coin Club. Harold's last visit in 1958 was enjoyed with talks and displays on numismatics by several local coin clubs. Coin clubs wishing Harold to attend their meetings and give a talk on money, should write to Harold at 7534 Wiseman Ave., Montreal 15, Que., Canada, or to our office.

1959 Cent on Phillipine 10 Centavos Planchet

Bill Anton, a member and former president of the Bergen County Coin Club, is known to have one of the largest and finest collection of currency. Among his rare and interesting collection is a rare $11 note, one side a one, the other a ten—we hope to have a series of articles and photos on this subject in the near future.

Criswell-Hobby gets plug on TV, June 21st. That Sunday night your editor settled down for an evening of relaxing and viewing the show "What's My Line." It wasn't long before I had to sit up and see Grover Criswell, one of our advertisers famed for his reference book and collection of confederate money, be the first guest. The object of the game is to stump the panel in quessing your occupation. Grover did alright by winning $50. TV star Steve Allen finally guessed it. Grover displayed a rare $1,000 confederate note and then left giving John Daly and the panel samples of confederate bills. Later, guest star Jack Benny offered to buy them back. Last year, Mr. Brett, Director of the U.S. Treasury and Mrs. Biester, Supt. of the Philadelphia Mint participated in this game.

Book Reviews—"Pieces of Fate," an exciting new hardcover book is now on the market. Clarence M. Fink, author, noted numismatist and writer is commended on this fine book. It is highlighted with many interesting articles and photos. Practically every other page has interesting photos on many subjects. It sell for $3.50, a worthwhile book for beginners and advanced collectors.

New Red Book is now out. The popular 1955 double shift is listed at $30 X.F., most dates increased in price. Mr. Yeoman admitted the price for the double shift was lower than it has been selling for, but wished the collectors and dealers to establish the true price. A wise decision, but I believe it will double in price before next summer. It was no surprise to see some coins listed under, rather than climb. This was due to speculation and investors. My guess is to watch for the following sleepers to move: Silver Dollars, proof sets, 1936 to 1942, B.U. 1949-S dimes, 1938-S cents, gold and B.U. cents bfeore 1940.

Dealer Sick—Word has been received that Bernard O'Hea, operating as "Mint Roll Hdq" from California was found on a street corner trading gold pieces and rare coins to passerbys for simple objects. Police were called and he was brought to a mental hospital.

First 1959 Cent was found struck on a foreign planchet. The above photo shows the actual size, the reverse has the Lincoln Memorial. Dealer Dochkus of Philadelphia sent it for my inspection. It appears to be a Phillipine 10 centavos planchet that found its way into the press at the striking of the new cents. Alloy, copper nickel zinc.

Special Notice—A near future issue issue will show the title of this magazine will be changed to one which is readily recognized by anyone interested in numismatics.

Our plans for the future growth of this publication necessitates this change. We believe our present title is unique, but, our interests is with publicizing and growth of the coin hobby. Our format and standards will still be the same, nothing else changed except the title. We plan to reach new fields, we want the readers that are interested to recognize the type of publication immediately, rather than be in question which so many have done in the past.

Bergen County Coin Club's 5th Anniversary

CLUB OFFICERS AND LARGE BIRTHDAY CAKE

L. to R. front row: Helen Zingale, Past Rec.-Sec.; Carl W. Pannicke, Treasurer; Walter E. Stefanacci, Vice President; Robert M. Forbes, Rec.-Sec.; George E. Meyer, Cor.-Sec. Rear row: Board of Governors (past presidents), Anton C. Mayer, Michael Zingale, and William T. Anton. Absent due to a serious throat operation was the President, Edward Black. Ed is specializing in N. J. cents, and his collection, which I inspected a year ago, listed over 50 varieties. We hope Ed gets well soon.

There were 49 members and guests present at the May meeting of the Bergen County Coin Club.

After a short business meeting a party was given as part of the celebration of its fifth anniversary, with wooden nickles commemorating the event, being given to everyone.

Mr. Walter Stefanacci spoke briefly on the highly successful New York Metropolitan Convention with many other members being in accord with him.

The Bergen County Coin Club meets the third Wednesday of each month at No. 2 Firehouse on Kinderkamack Road in River Edge at 8 P.M. Guests are always welcome.

JUST ONE MAN'S OPINION

The Carson City Dollars are the most underpriced series of all coins minted. All one has to do is check the number minted of each year and you will see that there will never be enough to supply our five (5) million or more (est.) collectors. Take the 1885 with only 228,000 minted. This would be one for about every twenty-one collectors. Second comes the 1881 with only 296,000 and so on.

I have a few sets of the 1880 through 1885 complete in Strictly Brilliant Uncirculated.

For set of six (6).....$21.95

BELOW ARE MY PRICES FOR SINGLE COINS . . . ALL BRILLIANT UNCIRCULATED

1878-CC	Proof Surface	$6.00	1882-CC	Brill. Unc.	$4.00
1880-CC	Brill. Unc.	6.00	1883-CC	Brill. Unc.	4.00
1881-CC	Brill. Unc.	5.00	1884-CC	Brill. Unc.	4.00
1882-CC	Proof Surface	5.50	1885-CC	Brill. Unc.	5.00

1885-CC	Proof Surface	$7.00
1890-CC	Brill. Unc.	4.50
1891-CC	Brill. Unc.	4.50
1892-CC	Brill. Unc.	7.00

Please keep in mind that I guarantee every dollar I sell to be Strictly Brilliant Uncirculated. Money back guarantee plus return postage if not pleased.

My second offering for this month is, in my opinion, a small set with a future. The War Time Silver Nickel consisting of 11 coins minted 1942 to 1945. (See Red Book.) This set in Brilliant Uncirculated is beautiful and also underpriced in this booming coin market.

My price for the complete set is.....$8.50 Only until present stock is sold.

the 1943-D is of course in this set and this is one that I compare in value to the 1942-D which is selling today for $5.00 each.

100 Years of Numismatics

By C. LYNN GLASER

The year 1959 could be considered the 100th anniversary of coin collecting. Although there were a few scattered numismatists previously, it wasn't until about 1859 that our pioneer forefathers could afford the luxury of a hobby. I always think it's interesting to look back over old coin prices and numismatic literature of by gone days; so I have found some prices that I think would prove interesting and I know would make a lot of collectors wish they were around in "the good old days."

First, I would like to mention a little about the year our hobby was "born." In 1859 this country's population was 30,000,000; John Brown lead his men in a raid on Harper's Ferry and Colonel Robert E. Lee was in command of the marines that captured him. It took 2½ days to travel by train from New York to St. Louis. One of the first books on American numismatics was written, but it was a large bulky affair containg about as much information as the Blue Book. The Numismatic and Antiquarian Society of Philadelphia celebrated its first birthday on January 1, 1859. This society was one of the first coin clubs and still exists there today.

Here is a partial list of coins and their prices in 1859 and at other intervals to present with their present prices in ( ):

The mint sold proof sets (then called master sets) of 7 silver and minor coins of 1859 for $3 and of 5 gold coins for $43.

½c	1793	VF	$ 4.15	($200)	1c	1856	f.e.	Proof	2.35 (600)
½c	1796	Fine	12.00	(300)	1c	1857	f.e.	Proof	.15 (135)
½s	1802	Good	2.15	(35)	1c	1858	f.e.	Proof	.15 (150)
½c	1836	Proof	5.25	(200)	Half Dime	1792	Good		9.50 (250)
½c	1841	Proof	4.50	(150)	Dime	1797	16 stars	Unc.	8.00 (400)
½c	1857	Proof	.65	(65)	25c	1804	Fine		95 (120)
1c	1793	chain Fine	10.25	(150)	$	1795	flowing hair	Fine	1.25 (65)
1c	1793	wreath Fine	5.00	(90)	$	1796	flowing hair	Fine	1.25 (75)
1c	1793	lib. cap Fine	10.50	(300)					

25 years ago dealers were willing to pay the following prices for coins to add to there stock:

1c	1877	Good	.10	(10)	$	1895	Proof		2.00 (575)
1c	1914D	Unc.	.05	(50)	Trade $	1873 thru 77	Proof		.75 (45)
2c	1873	Proof	2.00	(50)	$3 gold	1854 thru 57 P	Fine		3.25 (25)
20c	1876	cc Good	25.00	(200)					
1c	1856	F.E. Proof	175.00	(700)	½c	1802	Fine		35.00 (80)
1c	1909	S vdb Unc.	12.00	(80)	½c	1793	Fine		45.00 (100)
$	1879 thru 88	Proof	10.00	(60)					

I hope these prices were of interest as they show a steady rise over the past 100 years. Whether they keep on at this rate remains to be seen.

Currency Statistics "Closing Gaps"

By HAROLD DON ALLEN

Statistics relating to Allied Military Currency issues of World War II for Italy and for France have been adding useful information to records available to students of the series, but figures are far from conclusive to date.

Insufficient information is on hand to provide a check-list of control number overprints for the French releases. Readers are referred to the **Flying Eaglet** of May 6 for specifications required.

Some valuable help has been received from a number of collectors in efforts to locate the "change over figures" from 1943 series to 1943-A, in Italian denominations of 5 lire and higher. All speciments of the 1 lira and 2 lire notes are the 1943 type.

Following are the highest serial numbers recorded for "Series 1943" and the lowest number for "Series of 1943-A" for the six denominations involved. Since the 1943-A series adds the denomination in words, presumably as a defence against alteration, it need not be assumed that all numbers of the 1943 type were released. If alteration proved flagrant, the higher "1943" numbers could have been destroyed unissued. Nothing is certain, but the statistical help of collectors, or the recollections of a person directly concerned, should do much to clear up the point.

Lire	Highest 1943	Lowest 1943-A	Highest 1943-A

"Highest" figures for the 1943-A type are given to provide an indication of the relative scarcity of the various issues. This table will be revised when sufficient information comes to light.

Inquires, write to Harold D. Allen, 7534 Wiseman Ave., Montreal, Que., Canada.

WORKMEN UNCOVER HOARD OF OLD COINS

A Sea Captain may have hidden this in West Haven, N.Y.

A treasure of gold and silver was uncovered by workmen, these coins date back to the 17th century. The site known as the Peck House, was demolished to make room for a 64 unit building at Savin Avenue and Main Street.

Walking along this area, John Tessitore of New Haven, spotted a few coins down an embankment. John gave a shout that he found money, all the other workers rushed to the scene and started to dig. Work for the day was halted for the search which brought found money to the workers. Some of the finds were early U.S., English, Spanish and Portuguese coins. John came up with 28 coins, three were gold of King George III, also a container of 80 half dollars dated from 1806 up. Another worker came up with 16 Spanish 8 reales (silver dollar size), a two headed U.S., probably George Washington cent, and other interesting early material.

C.N.A. Elections, 1959

A MOMENT OF THOUGHT

The Calgary Coin Association (C.N.A. Chapter No. 2) wrote to me on February 25, and asked that I accept their nomination for the presidency of the Canadian Numismatic Association. The election is to be held in conjunction with the Regina Convention, September 2 to 4. With my Montreal friends assuring me of firm support, I took pleasure in accepting the Calgary nomination, and have been delighted by the encouragement and good wishes of other groups, and of numismatic friends across Canada.

This will be the first occasion on which members of the Canadian Numismatic Association have been asked to mark a ballot, for previous slates have been decided by acclamation. I understand that the ballot will be enclosed with the July number of the *Canadian Numismatic Journal*. This ballot, I think you will agree, should merit serious thought. I am prepared to work toward the strengthening of our national organization and its journal, the providing of service and of numismatic education to the member, and the building of the prestige and good relations of the coin hobby in Canada and abroad. I would welcome your support. I urge you, in any event, to mark your ballot and mail your ballot and express your interest in the future of your organization.

Cordially, HAROLD DON ALLEN

President, Montreal Coin Club. Honorary Member, Sherbrooke Coin Club.
Life Member, Canadian and American Numismatic Associations.

Calgary Coin Association obtains much sought-after information from the Ottawa Mint.

As was reported previously (Feb. Calgary Coin Association club report) the Calgary Coin Association forwarded a resolution to Calgary's Federal Cabinet Minister Hon. D. S. Harkness requesting the release of the number of sets and individual silver dollars (so-called proof-like) issued by the Mint each year.

The following is an excerpt from Mr. Harkness letter received by our secretary, Mr. D. M. Stewart, regarding our request:

"Hon. D. M. Fleming informs me that he has arranged for the Master, Royal Canadian Mint, to make available at the end of each year, the number of sets and silver dollars issued in uncirculated form." (See enclosed table for 1958 coins.)

Collectors have been trying to obtain this information for years. We are indebted to Hon. D. S. Harkness for his assistance.

At the same time we also requested the production of "Proof sets" rather than the present proof-like sets issued. This was answered as follows:

"I regret that it is not possible for the Mint to issue proof sets of coins. This would involve, I understand, the purchase of special machinery and the income on such transactions is not believed to be sufficient to cover the added expense."

Mrs. J. Marles

The following table shows the distribution of uncirculated coin issued to Sundry Persons by the Numismatic Section of the Mint for the year 1958.

Please include sufficient postage when ordering rolls—the balance will be refunded. Figure about one pound for the first two rolls, and another pound for each additional ones.

DEALERS—I will be driving out to Northern California during the latter part of August, and would be interested in delivering mint bags of 1959 Philadelphia cents at a very reasonable price, to anyone who could use them. My route will be out on U.S. 36, and back (by way of L. A.) on U.S. 66. On the way home I plan to bring sacks of Denvers for distribution around this area. For full details, please contact me soon.

THIS WILL BE my last advertisement until September. No orders will be filled from August 8 to Labor Day, except for the mint sacks as mentioned above.

A very pleasant summer to everyone!

CANADIAN NICKEL TYPES

By STARR GILMORE

For want of anything better, I generally use the term "Maple Leafs" to describe the King George V nickels which began with 1922 and ended with 1936. Centainly enough, the Maple Leaf is more in evidence as a design than is true of any of the others. All Maple Leafs are unalloyed and are pure nickel.

Of this series, the 1925 is the most difficult, and obviously so, since only 200,000 were minted. Curiously enough, and until very recently, it could now and then be picked up in the coin rolls destined for return to Canada. However, this has become very much a thing of the past. They have been selling for around $5 in circulated condition.

All United States banks close to the border handle Canadian money in large amounts and collectors in such places have a chance to pick up items frequently not too easy to come by. Of course, this is quite out of the question if you live very far south of the border. A few collectors here and there have been able to pick up all of the Maple Leafs by recourse to the banks and a surprising total of the coins are still in circulation.

If a 1925 is wanted in brilliant uncirculated, then it is likely to be wanted for some time. Not too long ago, $45 was paid for one, but I doubt very much that such a thing could be done today because the coin is very difficult to obtain in the condition described.

In 1937 Canada adopted the now familiar beaver as the central feature for the reverse on her nickels and this design is likely to be with us for a long time to come. The beaver design is highly appropriate because these industrious creatures played a large and important part in the economy of early Canada. In fact, their skins were in use as a kind of currency and the profits of the Hudson Bay Company were largely derived from them.

Because of war necessity, and because of the great value of nickel as a war metal, the Tombacs came into existence, the first of them in 1942. Tombac, a term derived from the Malay "Tombage" goes back to a popular jewelery alloy used in the East Indies. Coins of this sort are a composition of 88% copper and 12% zinc, no use being made of tin. They should not be confused with the regular bronze coins although they certainly look like them.

Precedent for the new dodecagonal (twelve-sided) coin was furnished by the 3 pence piece of England. It was also chosen to overcome the prevalent objection raised by similarity of its predecessor to the 25 cent piece. Further, though was taken for the possibility of its being redeemed and converted into regular bronze coin, a thing which did eventually happen.

Put out for only a year, the Beaver Tombac was succeeded by a second, the Victory nickel of 1943. This coin was the result of a Mint staff idea and the design was executed by Thomas Shingles, Mint Engraver, whose initials appear on it. The big V represents both victory and the value and the conjoined torch is the emblem of sacrifice. Its unique feature, as well as that of the two coming after it, lies in the words in Morse code inscribed around its edge: We Will Win When We Work Willingly. One cannot help but wonder how people had awareness of this interesting alliterative statement.

In any event, the Tombac gave rise to difficulty. They oxidized rapidly and the tarnished coins were mistaken for the cent pieces. And besides this, it now appeared wise to make less use of copper. What then came about was the withdrawal, as far as possible, of all of them, and their conversion into bronze coins and medals. This is still going on, though now in very small degree, and the remaining ones have been partially hoarded against an expected price increase. In brilliant unc., the coins are beautiful as they closely resemble gold pieces.

With the Tombacs discarded, Canada resorted to a new sort of steel coin in chromium finish, the Victory types of 1944 & 1945. These nickels gave trouble because they rusted upon no very great provocation and they have also been withdrawn. And with 1946, Canada returned to a coin of pure nickel.

Canada put out a commemorative nickel in 1951, a most appropriate action, since 90% of the world supply of this metal is of Canadian origin, being mined in the Sudbury Range in Ontario. Approximately 10,000 sketches, models, and suggestions were made for the coin. The design submitted by Stephen Trenka was chosen and he received the $1,000 prize that was offered.
